PROFESSIONAL SUMMARY
Machine Learning & Computer Vision Engineer with 4+ years of experience developing deep learning architectur

EXPERIENCE
AI Computer Vision Engineer | Apex Vision Labs | 2022 - Present
· Engineered computer vision inference pipelines using PyTorch, OpenCV, and TensorRT on edge GPU clusters
· Deployed microservices using Docker containerization and FastAPIs with automated CI/CD pipelines.

Machine Learning Developer | NeuroData Systems | 2020 - 2022
· Developed machine learning classification algorithms in Python with scikit-learn, Pandas, and SQL databases.

EDUCATION
Bachelor of Science in Computer Science
San Jose State University | 2016 - 2020
